

Election Statistics 2001

including Behind the Scenes: the 2001 Election Report

The 2001 Election Statistics series includes the publication of election results in five printed volumes and this CD-ROM.

This CD-ROM includes the "**Behind the Scenes: the 2001 Election Report**" and the statistics for the 2001 election which contain national, State, divisional and detailed polling place results. The CD-ROM also includes data import files for the use of clients who wish to build their own database for further analysis of the election statistics.

The tables on this CD-ROM are supplied as:

- Microsoft Excel 97 files
- tab-delimited text files
- data import files

The information contained in this CD-ROM is current at 30 August 2002.
