5. The Full Distribution of Preferences part of the table shows:
 - a) the votes obtained by each of the final two candidates after the full distribution of preferences has been completed
 - b) the percentage of the formal vote obtained by each of the final two candidates after the full distribution of preferences has been completed
 - c) the swing to or from each of the final two candidates after the full distribution of preferences was completed. The swing compares the result obtained by a candidate or party for the current election with that obtained at the previous election.
6. The five dots which appear at the end of the list of candidates indicate that a candidate was endorsed by a party for that division at the previous election, but that no candidate was endorsed by that party for the current election; or an independent candidate stood in the previous election but not in the current election. The party endorsing the candidate in the previous election is shown in the party column. The candidate's votes from the previous election are taken into account as a negative figure in the Swing column.
